

Hi, my name is **Rebecca McKay** and I am the new

Esthetician at **Iris Salon**... I will be offering facials, waxing, make-up applications, lash and brow tint, individual lash extensions and strip lashes. I enjoy making people relax and help get away from the stress of their daily lives...

My facials consist of cleansing, exfoliating, scrub, mask, facial steam, hot towels, and I give a phenomenal facial massage with essential oils...I also do **Micro-Dermabrasion and Chemical Peels** which helps bring forth all the dead skin revealing soft, exfoliated smooth skin that glows...The skincare line that I use in practice is **Dermalogica**...The results are just simply **amazing!**

I also have a passion for **waxing, lash and brow tinting and lash extensions**...What I like about these services is changing someone's appearance....For instance eye brows frame the face and brings shape to eyes...I feel it's art to shape a brow or give a tint...And to give someone lashes just adds beauty to an eye....**I also love to wax!** Everyone likes to look clean and have unwanted hair gone – Especially with summer coming!

I use a hard wax and a soft wax called **Cirepil**....I have chosen this wax because my clients don't show redness or breakouts....

Make-up has always been a favorite and artistic way of showing my creativity...For 2 years I worked at Ulta Salon as a prestige consultant and Esthetician where I had an opportunity to work the upscale lines such as Urban Decay, Smash Box, Tarte, Laura Gellar, Cargo, etc. So whether it's a night out on the town or a special event – Get your glam on and take some time out and enjoy a service!
